## Legal Test Sought for Bethany

Bethany Home for Girls is operating at 72 W. Alegria despite the fact that it has twice been denied a business license, it was reported at the City Council meeting Tuesday night.

This information led the Council to deny the home's license application for the third time and to instruct City Administrator Lawrence C. Bevington to inform the home that:

1. It is operating in violation of the City Zoning Ordinance.
2. It must show within 60 days that it has a legal right to operate or the city will take steps to terminate its activities.

COUNCILMEN emphasized, however, that their action is in no way punitive, but is an attempt to establish in the courts whether the home may continue to operate under the Zoning Ordinance. The Council felt a legal test is necessary.

When Bethany made applications for a business license in 1955 and '56, the zoning question did not arise since only five girls were living there and were sharing expenses, an arrangement which, Mr. Bevington said, is permissible under the law.

Now, however, Mr. Bevington said, the home has from eight to 11 girls 16 years and older, and three supervisors, and probably is actually operating in violation of the ordinance.

"I examined the home," Mr. Bevington said, "and talked to the manager, Miss (Margaret) Thomas. I will say that the home is very well run and exceptionally clean."

The home now takes girls 16 years and older from broken homes. They are referred from the County Probation Department and Mr. Bevington said, do not include girls with records of delinquency.

During a previous application for a business license, the home threatened to sue the city to force the granting of a license, but dropped the suit. The Council's action will force the home, which is in an R-1 zone, to test the legality of its operations or go out of business in Sierra Madre.

## Maude Wheeling Services to Be Observed Today

Funeral services will be held at 2 o'clock this afternoon at the Congregational Church for Maude Wheeling, who died suddenly Monday at her home, 101 E. Sierra Madre Blvd.

Mrs. Wheeling was a native of Cochran, Pa., and had been a resident of Sierra Madre since 1919. She was a former member of the Eastern Star and an active member of the Sierra Madre Congregational Church.

Mrs. Wheeling is survived by her husband, Albert M. Wheeling, Sierra Madre; a daughter, Mrs. Phillip Senour, Seattle, Wash.; two grandchildren and two brothers in the East.

Rev. George W. Lindsay will officiate at the services. Interment will be at Forest Lawn, Ripple Mortuary, directors.

## Ford Tops 1956 Sales Volume By 98,000 Cars

Registration figures from R. L. Polk for the first six months of 1957 indicate that nationally Ford car dealers sold 763,670 automobiles during the first half of the year, an increase of 97,917 passenger cars from the first six months of 1956.

In Los Angeles district Ford sold 55,724 cars in the first six months of 1957 compared to 40,755 the same period of 1956.

At the same time, the registration figures show that Ford increased its market penetration for the period by 15 per cent over 1956.

A. J. PAUS points out an interesting plant at the annual picnic last Monday evening of the Sierra Madre Garden Club, held at Circle H Ranch, home of Mr. and Mrs. Paus at 900 Sturtevant. About 60 members attended. From left are Mrs. Gretchen Newberry, club president; Mrs. Ernestine Yeckley, assistant vice

president; Joe Littlefield, TV personality who has his own garden show and was the speaker at the picnic, and Mr. Paus. Mr. Littlefield, incidentally, celebrated his 24th wedding anniversary the day of the Garden Club affair.

## Station Owner Drafts Suit for False Arrest

A suit for false arrest against the Sierra Madre Police Department was threatened yesterday by Lowell Francis Hendershot, 48-year-old service station owner who escaped a speeding conviction because the arresting officer's police car was apple green instead of black and white.

Police Chief Gordon McMillan, however, said his department will continue to make arrests with green cars. The police chief is now awaiting a ruling on the law from Attorney General Edmund Brown.

Chief McMillan remains firm in his interpretation of the State Vehicle Code, that black and white paint jobs are required only for police cars used "for the exclusive or main purpose" of enforcing traffic laws.

HE MAINTAINS that Sierra Madre's two patrol cars are used for general police function, over-all law enforcement and crime prevention, including traffic law enforcement.

The chief also pointed out that Judge Joseph Sprankle of Pasadena Municipal Court has dismissed traffic cases involving police cars that were not black and white from other departments, including South Pasadena and the County Sheriff's Department.

Mr. Hendershot said yesterday that his attorney, former state senator Jack Tenney, is preparing a case

## It's 'Possum, Not Dog Days In Police Dept.

"On August 10, at 1:53 p.m.," according to police records, "Mrs. Mary Meyers of 291 W. Montecito, called in to report that she had a live opossum in a trap and would like the police to dispose of him."

"At 2 p.m. Officer F. W. Hazlett was detailed to assassinate."

"At 2:10 p.m. one dead opossum was buried on premises. Officer Hazlett served as pallbearer."

## August 20 Is Next Night for Bus and Bowl

Music enthusiasts may again avail themselves of bus service to Hollywood on the nights of August 20, when William Steinberg conducts an all Tschai-kowsky program, and August 31, an all Gershwin night which is the last program of the season.

Mr. Steinberg will conduct the Los Angeles Philharmonic Orchestra in Serenade in C Major, Fantasy Overture from Romeo and Juliet and Symphony No. 5.

Unreserved bowl seats are 75c and the round trip bus ticket \$1.25. Reservations must be made well ahead of time in order to charter the buses.

The Music Shop, 43 N. Baldwin, is handling reservations for both bus and concerts.

## Gildersleeve Funeral Rites Held Monday

Funeral services were held Monday at St. Rita's Church for Mrs. Anna Marie Gildersleeve, 307 N. Baldwin, who died Aug. 9. She was 88 years old.

A resident of Sierra Madre for the last two years, she was a native of Shortsville, N.Y., and also lived in Chicago.

Survivors include two daughters, Mrs. Ames Hacker, with whom Mrs. Gildersleeve made her home in Sierra Madre; Mrs. Lucy G. Graham, Chicago, temporarily living in the Sierra Madre Hotel; one son, William W. Gildersleeve, Duarte; five grandchildren and two great-grandchildren.

Recitation of the Rosary was held Sunday at 8 p.m., and the Requiem Mass was at 9 a.m. Monday. Interment was in Resurrection Cemetery, South San Gabriel, with the Ripple Mortuary Chapel in charge of arrangements.

## Rats in Woodpile? Telephone City Hall

If rats are nesting under your front porch or in your woodpile, it's probably your own fault. That, at least, is the conclusion of Dr. Roy O. Gilbert, county health officer.

Dr. Gilbert discussed the rat problem with City Administrator Lawrence C. Bevington, following several airings of the problem at City Council meetings.

"Although all foothill areas are the natural habitat of tree and roof rats, any householder can keep them away by following a few simple precautions," Dr. Gilbert said.

HOUSEHOLDERS, he said, should "quit feeding rats and providing breeding spots for them." Garbage cans should be covered with tight fitting lids, and woodpiles, debris, thick brush and garden clippings should be removed from the premises or kept as far from a house as possible. Woodpiles should be elevated at least 18 inches from the ground.

Mr. Bevington said that householders are paying for city refuse collection and should take advantage of this service in eliminating

any rat nesting places they may have on their property. The County Health Department, in cases of rat infestation, sends rodent control men to inspect the property, place poison and give instructions on rat proofing the house, if necessary.

THE CITY of Sierra Madre has a contract with the County Health Department for rodent control work. Household complaints should be telephoned to the City Hall, ELgin 5-7135.

Dr. Gilbert pointed out that foothill areas afford natural shelter for rodents of all kinds, and that because they are migratory in their habits, can never be completely eliminated. But, he said, they can be kept at a reasonable distance from human habitation.

# City Allots \$100,000 To Fix, Pave Streets

## Merrill Sale OKed By City

The City of Sierra Madre moved a step closer to the acquisition of the Merrill property adjacent to the water grounds at the meeting of the City Council Tuesday night.

The Council voted approval of an offer for the sale of the land as outlined in general terms in a letter from Dr. C. S. Merrill, 1501 Highland Oaks, Arcadia.

The property comprises about three acres and a house immediately west of the water grounds on E. Sierra Madre Blvd. where the city is now developing a recreation area. The land is now for sale for a total of \$30,000.

DR. MERRILL, under the newest proposal, has agreed to lease a portion of the land for two years at a rental of \$125 a month, payable in advance. At the end of that time, the city would have an option to buy all of the property for \$27,000.

Previously, Dr. Merrill had wanted to sell all the land to the city at once. This was rejected, primarily because not enough money was immediately available.

City Administrator Lawrence C. Bevington said that funds from the sales tax will be available in two years to buy the property and that currently there is money in city funds to pay the lease price, which amounts to \$3,000.

CITY COUNCILMEN deferred until the next meeting Aug. 27 action on whether to draft a local ordinance banning outdoor incinerators on Oct. 1.

Even if an ordinance is not adopted, however, outdoor burning will be prohibited by the Air Pollution Control District, which, in the absence of a local law, would have to enforce the ban.

If the city passes an ordinance, enforcement will be up to city officials.

THE COUNCIL also received a petition signed by about 20 residents asking the paving of about 200 feet of Fairview Ave., east from Sunnyside. The petitioners, none of whom live on the

## Stone Church Commemorated

Souvenir plates, reproducing a picture of the old round stone Bethany Church, are to be available to sentimental Sierra Madreans through the new Bethany church office.

The distinctive landmark was torn down to make way for the present large church.

Plates cost \$1.75 each and may be ordered by calling Mrs. Henry Roeder, ELgin 5-0361, or the office, ELgin 5-1909.

## You Can Get A Plumber in Sierra Madre

With the exception of work on the new swimming pool, plumbing service is back to normal in Sierra Madre this week although the strike is not yet over.

The Sierra Madre Hardware Co. has signed an agreement with its three plumbers and is operating normally. Service by Gem Plumbing is handled by the owners and was not affected by the strike.

Work on the new swimming pool, however, has virtually ceased and will not be resumed until the strike ends. The pool was to be completed by Aug. 12, but the strike delayed construction work.

The City Council at its meeting Tuesday authorized a 30-day extension of the contract on the pool.

On Tuesday, the Plumbers' Union rejected a proposal by Federal Mediator Earl Ruddy to resume negotiations with the Plumbing, Heating and Piping Employers' Council.

The strike, now in its 45th day, has idled about 8,000 Southern California workers.

unpaved portion of Fairview, were represented by Orville Orr, 472 Crestvale.

Mr. Orr was informed that if property owners (there are only two) adjacent to the unpaved portion will agree to pay for curbs and gutters at \$1.50 per linear foot, the city will pave the street.

This section of Fairview, Mr. Orr said, is in very bad shape and produces broken springs, blowouts and general distemper among those who must use it.

## Money Comes from Taxes, Old Funds

Almost \$100,000 of accrued and current State and County gas tax funds have been allocated by the Sierra Madre City Council for street construction and maintenance during the coming fiscal year, according to City Administrator Lawrence Bevington.

Baldwin, Grandview, Michillinda and Mountain Trail will receive major repairs, Mr. Bevington said.

The State will return to Sierra Madre, through the five-eighths of a cent gas tax apportionment based on population, \$26,430 in the current year. The County gas tax, which is based both on population and usage of major city streets, will bring \$63,400.

REMAINDER OF the funds has accrued over a period of years with the State and County, unused by past local administration, building a backlog for important construction.

The street program for the 1957-58 fiscal year includes: Baldwin Ave., from Orange Grove to Carter, storm drain, catch basins, lowering of crown, installation of regular curbs and gutters which will do away with the drive-way bridges long considered hazardous.

State funds will pay \$21,900, County \$16,890.

GRANDVIEW AVE., Sunnyside to Foothill, resurfacing, and removal of the dip at Sycamore, which will require installation of a storm drain.

State funds will pay \$14,312, County \$2,000.

Michillinda, Orange Grove to Sierra Madre Blvd., already completed at a cost in State funds of \$6,100.

Michillinda, Sierra Madre Blvd. to Edgeview, resurfaced at a cost to the State of \$4,775.

Mountain Trail, Mira Monte to Sierra Madre Blvd., modify drainage, lower crown, rectify gutters and driveway crossings. Cost to State funds will be \$8,750.

BY LAW, 40 PER CENT of gas tax funds must go to street maintenance. Mr. Bevington predicted that \$10,572 would go into resurfacing of general city streets. Canyon Dr. and the Marlborough Terrace area hold priority for repair.

All the above work will consume \$65,809 of past and current State gas tax funds. The County tax fund will be used as follows:

Stuart E. Marsee, acting superintendent, said he does not want the job and would like to return to his post as assistant superintendent for business service.

Also indicating they do not intend to file for the superintendency were Dr. A. Roland Walker, assistant superintendent for instruction, and Frank Walkup, principal of Muir High School. Mr. Walkup served as acting superintendent from 1950 to 1953.

Mr. Marsee wrote School Board members that the Division of Business Service he headed under former Supt. Stuart McComb was in arrears since he left and he wanted to return.

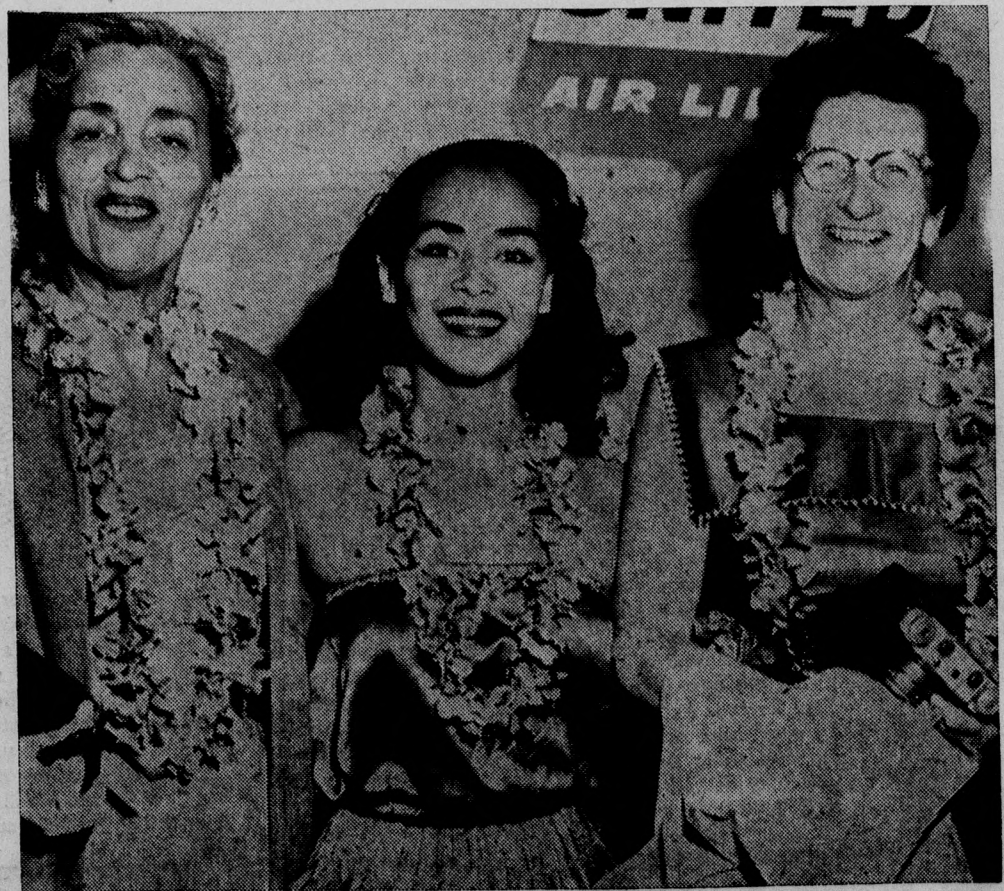

Rumors that Mr. Walker might file for the post were denied.

"I have a big job to do where I am," he said, "and I haven't given the other a thought."

Mr. Walkup, who said he was not interested in the job, added, however, that he has been "pressured" by citizens to seek it.

CD GRADUATE

Hubert L. Parton, 526 Parton, N. Michillinda Blvd., Sierra Madre, has received a graduation certificate from the Los Angeles Civil Defense and Disaster Corps for completion of an intensive 32-hour basic and light-rescue training course.

HAWAII CONFERENCE found Mrs. Marie Carroll (right), 460 Foothill Ave., Sierra Madre, getting the traditional welcome from the Hawaii Visitors Bureau. Mrs. Carroll and Ellen West (left), flew to Hawaii by United Air Lines to attend the southwest regional conference of the Delta Kappa Gamma Society, international group for women in education. The name of the attractive young lady in the middle was not reported.

THESE SATISFIED looking gentlemen were, indeed, happy, particularly Doug Berkshire, right, who is receiving a check for \$108.23 from Paul Landwehr, president of the Sierra Madre Lions Club. The money, obtained from the Lions' sponsored light bulb sale, goes to Sea Scout Ship 391, the Hornet. Mr. Berkshire is chairman of the ship committee.

Editorial

What Price, the Dollar?

A strange summer! Inflation is upon us, we are told. Yet even a casual observer must detect that business is not good, particularly small business, neither in Sierra Madre, with a few exceptions, nor elsewhere.

The once sound dollar continues to decline in value. This is bad, they tell us. Steps must be taken.

So pushing against the extraordinary demand for money-credit is the Federal Reserve which is trying to restrain borrowing by high discount rates. Evidence exists that prime interest rates at commercial banks will go higher this fall and that the Federal Reserve will confirm these higher rates by raising the discount rate another notch.

This policy is becoming recognized as a "controlled recession." This is supposed to help by creating pools of unemployment, by making it difficult or impossible for the small businessman to borrow money. A sounder dollar will result.

But a sound dollar will be of little value if there aren't enough of them to go around. During the Great Depression, you'll recall, the dollar was so sound that just one of them made an unseemly bulge in the pocketbook. A little recession, like a little pregnancy, is hard to control.

This inflation, obviously, is not one in which "too much money chases too few goods."

It's a "cost-push" inflation, the economists tell us. Costs—labor, material, advertising, distribution—have been so built into products that prices must naturally push up.

Yet there are plenty of cars for sale, more steel than we can use, tons of refrigerators and appliances on the market. Still prices go up.

Why? A new term—"administered prices"—enters the already chaotic picture. These are prices which an industry establishes but which have not come about directly because of the demand and pull of a free market economy.

Recent price increases in steel—in face of a slowdown in steel sales—have been called "administrative prices." Whatever the name, it means that the new steam iron you are planning to buy will cost more, even though the demand for that iron is less.

This new inflation could be halted, of course, by you and me, by mass public resistance to higher and higher prices. A buyers' strike, in short.

If John and Mary Q. Public decide to pull prices down by refusing to buy, they can do so. But the results would spell unemployment and a drastic business slump, a disaster, in other words.

The first to get slapped would be the small businessman and, I'm afraid, he would graciously turn the other cheek and get socked again, all the while protesting the demon federal aid to education and other needed legislation, much of which, incidentally, was wildly cheered by GOP delegates in the Cow Palace a year ago.

There ought to be a better way in a free economy to bring inflation under control—H.W.E.

OUT OF THE COBWEBS

44 YEARS AGO THIS WEEK, 1913—Mayor C. W. Jones bought a handsome new Hudson touring car.

F. H. Hartman was the latest Sierra Madre resident to join the ranks of the Ford owners. It was the second car sold by Milton Steinhilber this month, but he said, "There are other prospects nibbling."

Dr. and Mrs. G. H. Cornell went to La Jolla where they spent the month.

20 YEARS AGO THIS WEEK, 1937—Miss Helen King's Bible Class of Bethany Church honored two of its members, Mrs. Mabel Reidler and Mrs. William Vanise, with a birthday party at the home of Mrs. Fannie Sea, 198 W. Montecito.

Leo Cullum and Carl Johnson left by motor for northern Arizona to spend a week's vacation fishing the mountain streams above Prescott for trout.

A daughter, Norene Marie, was born to Mr. and Mrs. Wayne Morrison, 267 N. Baldwin, at St. Luke Hospital.

10 YEARS AGO THIS WEEK, 1947—New exhibition of paintings and etchings by

top-notch Sierra Madre artists were hung in the Council chambers of the City Hall through the auspices of the Arts Guild. Paintings and etchings represented works of Helen Narozny, Paul and Caroline Rohland, Catherine Tuttle, B. Ward McIvor, Marvin and Myrtle Weese, Margaret Cash, Bernard Wynne, Jonathan Scott, Elizabeth Bouman, Lee McCarthy, Dr. Bernhardt Wall and Alfred James Dewey.

Mrs. Nathan Jacobs and sons, Philip and Paul, spent the week with friends in Santa Monica. Dr. Jacobs joined them for the week-end.

5 YEARS AGO THIS WEEK, 1952—Nolie and Susan Suman of Sierra Madre were two of the four girls in the Los Angeles area who participated in the U.S. Lawn Tennis Association National Girls' Green Courts Championships at the Cricket Club in Philadelphia.

Miss Sue Hansen, formerly of 720 Skyland, was in Washington, D.C., taking preliminary training with the State Department, after which she left for Brazil and a stint as public affairs assistant in the South American country.

Fixing a Boat Under Difficulties

Watch on the Potomac

By Robert G. Spivack

ABOUT TVA AND TAXES—It's now more than 20 years since the creation by Franklin D. Roosevelt of the Tennessee Valley Authority. The TVA is the largest publicly owned electric system in the United States and, as a consequence, has been the No. 1 target of private utility company critics.

The one charge repeated over and over by TVA's detractors is that the "TVA doesn't pay taxes." While some critics are fair enough to admit that TVA does make certain payments in lieu of taxes to local and state governments, they insist that cheap electric power results from its failure to pay federal income taxes.

During the current session of Congress the question of taxes has been uppermost in the minds of the lawmakers. Some of the nation's biggest businesses have been getting special tax benefits; some of the U.S. oil companies operating in the Middle East haven't paid income taxes here in several years.

Since many friends of TVA have also been critics of Big Business for its failure to pay what they consider a "fair" share of national taxes, the business retort about TVA has naturally stung them to the quick.

What are the hard, easily-established facts about TVA? The magazine "Public Power" has compiled a chart which tells the story at a glance. This is it:

TVA Record of 23 Years' Operation	
Gross power revenue	\$1,238,000,000
Less all power costs (maintenance and operation, depreciation, etc.)	366,000,000
Less interest (about 2%)	183,000,000
Less federal income taxes that private power companies would have paid into U.S. Treasury	140,000,000
Net profit to the nation	\$43,000,000

In making this computation, the public power statisticians were pretty generous in estimating the amount of taxes that would be paid by the private power companies. Fast tax write-offs and other privileges were not even taken into account.

THOSE "RIGHT-TO-WORK" LAWS—We have had occasion over the months to make reference to the so-called right-to-work laws now before many state legislatures. We pass on without comment some recent remarks by Prof. Reinhold Niebuhr, the prominent Protestant theologian.

"The purpose of the 'right-to-work' laws, which now exist in 18 of our states and are proposed in others, is very clear. These laws are intended to prevent the union shop, a contractual arrangement between management and labor which gives the union security."

"The real purpose of the... laws is to accomplish this weakening of labor under the guise of preserving or restoring the 'individual liberties' of our democratic society."

"The implausibility of the so-called 'right-to-work' laws is so obvious that one must come to the conclusion that their proponents are either stupid or dishonest in their pretensions."

Copyright 1957

Lee Shippey asks  
What Do You Think?

Miss Tommy—Thomasella Graham—is gone, but long will be remembered with pleasure and affection, not only by all of Sierra Madre's older residents but by a great many persons who never saw our city.

Nearly 30 years ago, as a reporter, I called on someone in San Diego County who was credited with introducing a great deal of floral beauty into California by proving that certain flowering plants from South America and other subtropical areas could flourish here. When those on whom I called learned I was from Sierra Madre they modestly exclaimed:

"Oh, your own Miss Tommy has done far more than we have. The Garden Clubs of America once awarded her first prize in a national contest. All the garden lovers of the Southwest are indebted to Miss Tommy for inspiration and ideas."

Many a conqueror in war or in finance has done nothing compared to that for his world.

MISS TOMMY was no office-chair horticulturist. I

shall always remember her with a straw hat on her head and gloves on her hands, not only telling her gardener what to do but showing him how to do it. Even when she went to church her garden gloves were in easy reach, for whenever she saw a plant which needed help her fingers itched to help it.

The pepper tree shading The News office is a sort of memorial to Miss Tommy. Three grand old trees used to distinguish our Triangle, to shade the old Pacific Electric Station, the other in front of The News. The latter went down in a windstorm.

Some persons rejoiced that with the tree gone one more parking space could be established. To me those trees had always lent beauty, grace and distinction to our business center and I said so in this newspaper. Miss Tommy ended the argument by appearing one morning with a shapely pepper tree which she had planted just where the old one had been. May it live as long and keep as green as her memory should in this town.

LAST WEEK Mr. Dulles declared that his proposal to the Russians at the London conference may have been the greatest step toward world peace in human history. Sometimes Mr. Dulles' modesty is overwhelming, almost equaling his smugness.

I KNOW some of my friends won't like this, but it has long seemed to me that Mr. Dulles did extremely well as long as he had Dean Acheson to guide him, and hasn't done very well since then.

THE COST of living would not be nearly as high if there weren't so many "necessities" that we don't really need. I'm afraid the next one will be paid TV, perhaps the greatest consumer of time which could be spent in better ways in human history—as Mr. Dulles might say.

San Francisco seems to be the place that everyone from thing to do, but they can all here goes to, but nobody says think of something to from comes here.

THE BAFFLES By Mahoney

Your Congressman . . .

Catch Intelligence Napping During Khrushchev Purge

By Edgar W. Hiestand, Rep., 21st District

The need for a congressional watchdog committee to check on our intelligence services was proved once again during the sudden Khrushchev purge in Moscow. No doubt about it, we were caught flatfooted—just as we were last fall when the British and French moved on Suez.

No one in Washington seemed to know that the lid was about to blow off of the Kremlin. After it happened there was only speculation as to why Khrushchev had chosen to sack his top lieutenants. No one here seemed to have the real facts.

Unfortunately Congress has not yet taken authority to look into why our intelligence services can't uncover situations like these while they are brewing. Secrecy, which should logically be the most effective weapon of a good intelligence service, seems here to have a tendency to impede an effective operation.

Early in January I introduced a bill (H.R. 680) to establish a Joint Congressional Committee on Foreign Intelligence. A recommendation of the Hoover Bipartisan Commission, the Committee would make continuing studies of all aspects of the foreign intelligence activities of the government.

CRITICISM has been leveled that such a measure would expose operations which should remain secret for the best interests of our country. This is far from the purpose of the bill, and in fact simply would not happen. The function of the committee would be parallel to that of the Joint Committee on Atomic Energy, which watches over the operations of the Atomic Energy Commission.

Letter to the Editor

RESENTS ART REVIEW

Dear Sir:

It seems as though everyone considers himself an art critic. An artist expects to be and is constantly subjected to criticism of his work. In my case, I consider myself a "student" of painting and hope that I will never reach the point where I think of myself as anything else. I expect to continue to receive criticism, but I like to think that it will be intelligent and constructive.

Who is Don Roberts? What are the qualifications which allow him to stand on the pedestal of an art critic and look down his nose at an honest and sound showing of watercolor paintings? His criticism is asinine, sarcastic and completely without any informative or educational value.

I have always thought that the reason for the critique of a show was to inform and educate the public. To inform the public is not to spout personal, narrow-minded opinions, but to enlighten them in some way. Mr. Roberts failed miserably to do this. He could only tell them with unnecessary sarcasm that our work on the whole resembled that of Mr. Reep. The public could conclude this for themselves.

Mr. Reep is not a Svengali with his students. He has a sympathetic approach to the individual and his growth. It is neither rare nor frightening that a student's work resembles that of his instructors. They have been

erations of the Atomic Energy Commission.

No Congressman has ever been accused of releasing atomic secrets he gets through serving on a committee which studies the work of the AEC, nor is there any hint that a Congressman would have occasion to disclose spy secrets if he served on a Joint Committee on Foreign Intelligence.

The Federal Bureau of Investigation relies on secrecy in making its investigations, but its operations are nonetheless subject to congressional review if necessary.

Congress, the elected representatives of the people, is charged with checking up on all parts of government. When one vital agency is allowed to go unchecked, inefficiency is bound to result. That's not only fundamental in government, but in human nature.

GOOD NEWS for Southern Californians, and especially for residents of the San Fernando Valley, came last week with passage by the House of a measure creating an Airways Modernization Board.

The House acted on the Senate version of a bill which I sponsored. The measure would create a board which would have absolute authority over all types of air traffic—civilian and military—and which will be able to get to work immediately in solving the myriad of problems caused by this traffic.

A few kinks have to be worked out before the bill is signed into law, but these shouldn't take too long. Everyone admits that the legislation is necessary.

exposed to the same subject matter and have developed similar attitudes toward the use of the medium. This resemblance is not deliberate on the part of the student or the instructor, but rather a situation that has existed for some time.

I challenge Mr. Roberts to find an honest student who does not show overtones of his instructor in his work even after reaching professional status, or to find an established artist who does not show the influence of a colleague whom he admires. Consider the masters, the artists they influenced and the artists who influenced them. It is a logical process of maturity and growth for the individual in finding his particular style of expression in the medium. If Mr. Roberts is a painter, I would be very much surprised to find his work without the influence of another.

I am personally sorry that this show was subjected to such a review. It is the first time I have exhibited my work outside of juried shows and I would have appreciated a sound critique on the qualities of the work.

May I add that Sierra Madre is doing something very fine in supplying a gallery for its people. Other communities would do well to follow your example. I only hope that the rumblings of a few won't tend to tarnish the future of this project.

Sincerely,  
LUCILLE STAFFORD.

EARNINGS

E—EARNINGS

Your savings invested in this Association grow by means of liberal Earnings, which are shared with you through regular payments, always at the highest rates consistent with safety. And your account's insured!

A—ASSETS

Assets and reserves of this Association are now at an all-time high, proof of sound, profitable operation. Your Savings Account here will be a real money-making Asset to you (and insured safe to \$10,000).

R—RETURNS

"Many Happy Returns" will be yours when you save here—as proven by our fine record of earnings. Our present rate is the highest consistent with safety, and accounts are insured to \$10,000. Open your account today!

N—NEST EGG

Whatever other investments you may make, it's sound financial sense to keep a "Nest Egg" here, for liberal returns and safety insured. Add to your account regularly, and it will "hatch" future security for you!

I—INVESTMENT

When selecting a sound investment for excess funds, you seek (1) safety of principal (2) liberal returns. You get BOTH in a savings account here, where payments have always been made at the highest rate in keeping with safety.

N—NEIGHBORS

Your Association operates to serve its good Neighbors in this community, as a safe and profitable place for savings. Friendly Neighbors, we will do all we can to serve you with prompt, personal attention.

G—GOALS

A savings account here is your pre-paid ticket to the Goals of your dreams—your own home, college for your children, retirement, travel, whatever money can buy. Savings here earn more, to bring your Goals in sight sooner!

S—SAVINGS

Don't keep your Savings idle, or working only "half-time." Set them earning at the highest rate consistent with safety, in an insured account here! Watch your Savings grow with the liberal returns we add regularly!

## Legion Aux. To Meet August 22

Members of Sierra Madre American Legion Auxiliary will meet Aug. 22 in the home of Mrs. Thomas Henderson, 85 E. Sierra Madre Blvd.

A meeting of the 18th District has been slated for next Monday night in San Gabriel.

Mrs. Charles Stein, newly-elected president, and her assisting officers presided at the first meeting of the new session last Thursday evening in the gardens of the Val Miller home. It was followed by a potluck supper.

Last Friday evening, members of the Sierra Madre Unit were hostesses at a Bingo Party, where they entertained veterans and ex-service women at San Fernando Hospital. Those ladies directing the party were Mrs. Val Miller, Mrs. Ralph Bent, Mrs. Theo Proctor, Mrs. Helen Wheeler, Mrs. Betty Curtis and Mrs. Edna Faller.

## Birthday Party For Mrs. Bunch

Mrs. LaVon S. Bunch was honored on her birthday anniversary by a luncheon in the home of Mrs. Henry N. Wade Jr., 681 W. Orange Grove.

Those in attendance at the happy event were Mrs. Dewey McGeary, Mrs. Archie Bonn, Mrs. Ruby Barham, Mrs. Vern Eppard, Mrs. George Hannaford, Mrs. Henry N. Wade Sr., Mrs. Marvin Randolph, Mrs. Paul Burton and Mrs. Leo Meyer, former Sierra Madrean now making her home in Garden Grove.

**RUDY VALLEE** will appear starting Aug. 20 at Hesperia Inn, new desert resort 84 miles from Sierra Madre off Route 66. Valley's show will end Aug. 24. Hesperia Inn is managed by Lorne Pratt, Sierra Madre city councilman.

## Scout Troop 375 Makes 5 Awards

Boy Scout Troop 375, sponsored by Bethany Church, held its Court of Honor in the Church Fellowship Hall last Thursday. Scoutmaster of this troop is Jim Dittmar and Jr. Asst. Scoutmaster, Ken Christensen.

As an introduction to the program Bob Dittmar repeated the twelve points of the Scout Law and their meanings.

Boys receiving awards include: Second Class, Bill Treder; First Class, John Savage and Eric Lofgren; Star Award: Lee Fish, Senior Patrol Leader. Merit Badges for Public Speaking, Swimming, Firemanship and Forestry were awarded to Ken Christensen, Jr. Asst. Scoutmaster.

Bill Herold was inducted as Tenderfoot Scout in the Cobra Patrol.

## ... Social and Club Activities ...

### Storkland

A second son, James Clifford, was born to Mr. and Mrs. George Mackanic Jr., July 29 at Alhambra Community Hospital. The maternal grandparents are Mr. and Mrs. Richard C. Beaton of West Covina. The paternal grandparents are Mr. and Mrs. George Mackanic, 106 E. Alegria. The other Mackanic son is Richard George.

Mr. and Mrs. Andrew P. Zacek, 590 W. Sierra Madre Blvd., are the parents of a daughter, Kimberly Alice, born Aug. 6 at Hollywood Presbyterian Hospital weighing 7 pounds 3 ounces.

The Eugene T. Browns, 300 San Gabriel Ct., are the parents of a son, Patrick John, born July 27 at St. Luke Hospital weighing 5 pounds 9½ ounces. The maternal grandparents are Mr. and Mrs. George V. Repetti of Pasadena. The paternal grandparents are Mr. and Mrs. E. B. Brown of St. Petersburg, Fla. The other Brown children are Mark, 4, and Christina, 2.

A fourth son, Peter Thomas, was born to Mr. and Mrs. William N. Morzov, 455 E. Montecito, July 31 at St. Luke Hospital weighing 8½ pounds. The maternal grandmother is Mrs. Ward M. Parker II, of Sarasota, Fla. The paternal grandparents are Mr. and Mrs. Nicholas W. Morzov of Pasadena. The other Morzov sons are Vassia, 9, Howard, 7, and David, 4½.

Parker-Condax Studios  
Mrs. Robert Lawton Taylor

## Taylor-Maloney Nuptials Held Aug. 10 at St. Rita's Church

By Marjorie Thomas

White flowers banked the altar at St. Rita's Catholic Church last Saturday when Carolyn Frances Maloney, daughter of Mr. and Mrs. William Francis Maloney, 15 E. Alegria, became the bride of Robert Lawton Taylor of South Pasadena, son of Mr. and Mrs. Robert William Taylor, former San Gabriel residents now making their home in Westport, Conn. Rev. Thomas O'Malley officiated.

The bride, escorted down the aisle by her father, wore a white Italian silk ball-train length princess style gown. Alceon lace trimmed the neckline and was embroidered with iridescent sequins.

The finger-tip French illusion veil was held by a crown of pearls. She carried a bouquet of white orchids, delphinium and lily-of-the-valley.

THE MATRON of honor, Mrs. Ray Ceragiolli of Walnut Creek, California, and the bridesmaids, Mrs. Bartley Chandler of Inglewood, Anne Keavney of Monrovia, and Mary Maloney, sister of the bride, wore white lace over yellow taffeta sheaths with cummerbunds and yellow tulle over-skirts. Their head bands were of matching yellow with circular veils and they carried bouquets of blue and white delphinium.

Joseph Hansen of South Pasadena was best man and the guests were seated by Bartley Chandler of Inglewood, Walter Krovova of Pasadena and Michael Ma-

loney, brother of the bride.

The mother of the bride was attired in a slate blue organza ensemble with matching accessories. Her corsage was of white delphinium.

A reception for 275 guests was held in the gardens of the bride's parents.

THE BRIDE is a graduate of St. Rita's Parochial School and St. Andrew's High School. She attended the University of California at Los Angeles and College of the Holy Names in Oakland, Calif.

Out of town guests included the groom's parents and their daughter, Ann, the bride's aunt and uncle, Mr. and Mrs. Walter Maloney of Reno, Nev., and their children, the Neil Thomas Maloneys of San Luis Obispo, Calif., brother and sister-in-law of the bride, and William Eugene Maloney of Oakland, another brother of the bride.

The newly married couple left on a honeymoon at Santa Barbara.

## Dee W. Nourses Home From East

Mr. and Mrs. Dee W. Nourse, 274 Mariposa, have returned from a two-month trip in the east.

While visiting friends and relatives in Ithaca, Syracuse, Rochester, Buffalo and Orleans, N. Y., they attended the 52nd wedding anniversary party of Mrs. Nourse's brother-in-law and sister, the Henry Potters.

## Shirley Morningstar Honored at Shower

Mrs. Marie Clark, 240 W. Montecito, was hostess at a family party and variety shower honoring Shirley Morningstar, who will marry Joseph Capps next Saturday.

Those in attendance included the bride-elect and her fiancé, Mr. and Mrs. Walter Palmer and their daughters, Phyllis and Anita, Sjoerd Liers, Mr. and Mrs. Milton Morningstar, Mr. and Mrs. Carl Bischoff and son, Rickie, Mr. and Mrs. Carl Harman and daughter, Janet, and Mrs. Louise Weaver.

## Orchid Hobbyists Meet Tonight

San Gabriel Valley Orchid Hobbyists will meet tonight at 8 for its monthly meeting in Oakhurst Gardens, 345 W. Colorado, Arcadia.

Speaker of the evening will be W. A. Brown of Bakerville who has a collection of species as well as cattleya hybrids. He will illustrate his talk with color slides.

Following the program there will be a discussion of the culture of plants brought to the meeting by members. All interested persons are invited to attend.

## Roger D. Comstock Visits Grandmother

Robert D. Comstock has been enjoying a visit with his grandmother, Mrs. B. Nieman, 327 W. Montecito.

Roger lived in Sierra Madre for many years and was a graduate from Pasadena City College five years ago.

He has been stationed at Ernest Harmon Air Force Base in Newfoundland. Following his current leave, he will report for duty at Travis Air Force Base in Northern California.

When he receives his discharge the end of this year he will return to college to complete his course in electrical engineering.

## Margo Gerke Fair Director

Margo Gerke, daughter of Mr. and Mrs. Carl H. Gerke, 602 Mariposa, is publicity director for this year's Orange County Fair which opened last Friday in Costa Mesa and will continue through Aug. 18.

Margo has been very busy the past weeks designing all the billboards and folders and making hundreds of posters advertising the event.

## Dodges Home After 12-Day Trip

Mr. and Mrs. Robert Dodge, 111 E. Orange Grove, returned home recently following a 12-day combination business and pleasure trip.

The couple visited San Francisco, Portland, Vancouver and returned home via Grand Coulee Dam. Mr. Dodge is president of Acme Manufacturing Co. in Sierra Madre.

## The Kulinary Kettle . . .

## Pineapple Pie, Zucchini Squash Hickman Specialties

By Toni Maurin

SY 7-9634

Mrs. Stan or Glen (Lorraine) Hickman (her husband is known by both names) of 601 Gloria Road, Arcadia, gave me this wonderful recipe that was given to her by her husband's grandmother. It is so smooth it fairly melts in your mouth.

### ROYAL HAWAIIAN PINE-APPLE PIE

One pre-baked 10" pie shell  
4 eggs separated  
½ tsp. salt  
½ cup strained crushed pineapple  
1 tsp. lemon juice  
1 cup granulated sugar  
4 tbs. lemon jello  
1 tsp. grated lemon rind  
½ cup pineapple juice

Combine egg yolks, beaten until smooth, with ½ cup sugar, pineapple, lemon juice and rind into top of double boiler and cook over hot water until thick, stirring constantly. Heat pineapple juice and add jello and stir until dissolved. Add to egg yolk mixture and chill until quite thick.

Beat egg whites until stiff, but not dry, and add sugar. Fold in cooked mixture and pour into pie shell and chill until ready to serve. Top with whipped cream, sweetened. This pie will serve six to eight.

I HAD heard from some of Mrs. Hickman's friends that she served a Zucchini squash casserole that would convert the most avid anti-squash eaters into fans of the lowly vegetable.

When I asked her for it she told me they'd have to ponder it out for a while as she, like so many excellent cooks, prepares dishes more by feel than by recipe. However, after due consideration, she did come up with the recipe and I can attest to the fact that it has not been over-rated as far as I am concerned.

### ZUCCHINI SQUASH CASSEROLE

6 cups zucchini squash sliced in ½ inch rings  
3-4 strips bacon sliced in ¼ inch strips crosswise  
1 stalk celery chopped  
½ cup bell pepper chopped  
½ cup onion chopped  
(The three vegetables may be chopped fine or coarse, to individual preference.)  
1 cup grated sharp cheese  
½ can Ortega chili sauce and ½ can tomato sauce or just 1 can of plain tomato sauce (the Ortega makes it a little hotter).  
Salt and pepper to taste.

SAUTE bacon until brown and crisp, then add onion, celery, and pepper and saute slowly until slightly transparent. Add tomato sauce and simmer for about five minutes. Add sliced squash and cook covered until squash is almost done. Put

in a casserole dish and top with grated cheese. This dish may be prepared ahead of time and baked approximately ½ hour in a 350°F. oven before serving.

I ASKED Mrs. Hickman what she did to keep herself busy and she opined that she'd like to have a formula for not keeping busy.

She has two young daughters, Susan, 6 and Linda, 8½. She enjoys many outdoor activities, which include golf, and water skiing at Lake Arrowhead when they can find the time to get up to their cabin. In her leisure time she is always ready for a good bridge game. She has also been active in the Junior Shakespeare Club.

Her husband is with Hickman Brothers Inc., plumbing contractors.

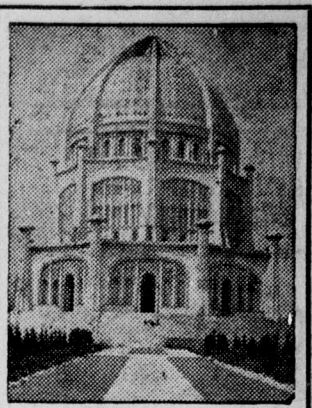

### NAMED PRINCIPAL

Mrs. Leon Dame, 271 W. Carter, has been appointed elementary school principal at Tujunga Plainview School. It was announced yesterday.

Located on Sheridan Rd. at Linden Ave. in Wilmette, a northshore suburb of Chicago, this notable edifice is reached by car on Route 42, or by bus through one of the many conducted metropolitan tours.

Get a preview by writing for "The Baha'i House of Worship" folder to Mrs. Marjorie Torres, 386 Cypress Ct., or call ELgin 5-9578.

## Blumenthal Retained as Cantor Here

Salo Blumenthal has been rehired for another year as cantor of the Foothill Jewish Community Center of Temple Beth Israel, Charles Lapsen, center president, announced yesterday.

Cantor Blumenthal started his musical studies at an early age in Frankfurt, Germany. Since coming to the United States, he has been a cantor in Los Angeles, Palm Springs and San Bernardino. He came to Sierra Madre a year ago.

Mr. Blumenthal has been continuing his studies at the Hebrew Union College of Sacred Music, graduating from there this year with honors.

Also retained for another year was Nathan Chroman as principal of the Sunday School. A graduate of the law school at USC, Mr. Chroman has taught and been Sunday School principal in Pasadena and Los Angeles.

## Rev. Leroy Hux Named to New Post

Rev. Leroy Hux, new pastor of the Sierra Madre Baptist Church, will preach Sunday morning and evening, Aug. 25. He is spending this week at church meetings in Northern California.

Rev. Hux, his wife and two children, David and Molly, will reside in Sierra Madre as soon as they can locate a house.

Rev. William O'Dell, former pastor here, is returning to Fuller Theological Seminary for study.

## Rev. J. A. Shirley Will Speak At Congregational

The Reverend John A. Shirley of South Pasadena will occupy the pulpit at the Congregational Church this Sunday, in the absence of Rev. George W. Lindsay.

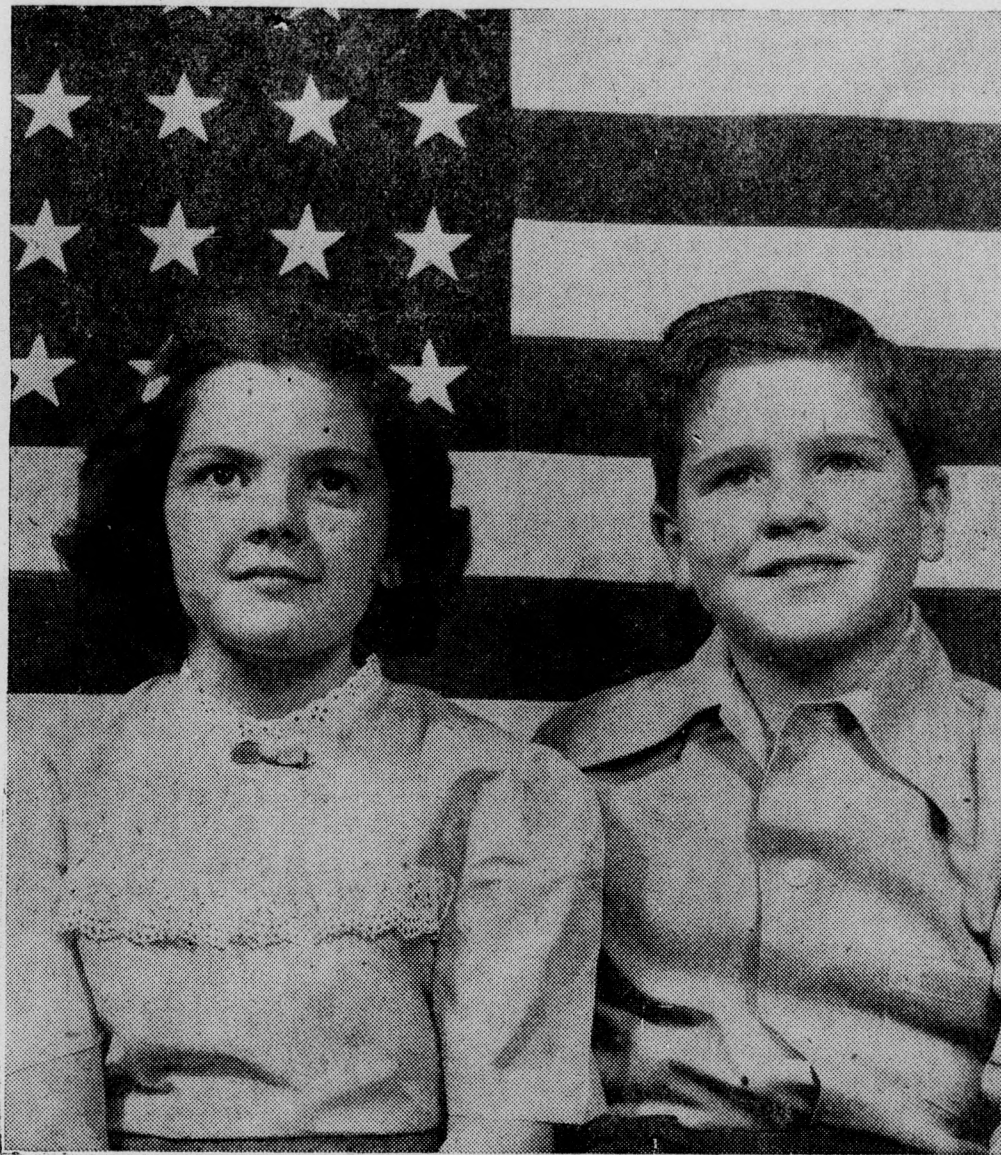

Mr. Shirley is a graduate of Toronto University, who has served pulpits in Canada, and in the Yukon Territory. He has been in California since 1926, serving most recently in the Park Congregational Church of Los Angeles. His sermon topic will be "What One Man Can Accomplish."

Mr. Lindsay will be at Pilgrim Pines, Southern California Congregational Conference near Yucaipa for the week. He will serve as advisor to the Faith Commission of Pilgrim Fellowship.

### LECTURE ON MOON

Dr. Dinsmore Alter, director of Griffith Park Observatory, will lecture on the moon at 2 p.m. Sunday at the final session of the annual convention of the Western Amateur Astronomers, which is being held on the campus of the University of California at Berkeley, the Los Angeles City Recreation and Park Department announced yesterday.

Take your problems to Church this week  
— millions leave them there!

## On the Right Path

What causes some boys and girls to follow paths that lead to lives of service to community, to state, to nation or to mankind everywhere? They become missionaries, nurses, ministers, physicians, teachers, philanthropists. Yet some of their playmates may follow paths that lead to the breaking of themselves against God's laws.

We do not know all the answers, but parental guidance, scouting teachers who are leaders, examples set by someone they admire, hobbies, these and others are beneficial guides. Certain it is that there are those who discover early that there is more fun and more happiness to be found in living in tune with God's laws than in breaking themselves against those laws, which can lead only to pathos and sorrow.

The highest inspiration for a life of service and the happy life is the Church, with its youth societies and activities. Inspirational worship services point the way to paths of service.

With the hope that it will, in some measure, foster and help sustain that which is good in family and community life, this feature is sponsored by the business firms and organizations whose names appear in this space.

## News of the Churches

Members  
Accepted by  
Lutherans

New members received last Sunday before the altar of Faith Lutheran Church, 835 Hastings Ranch Dr., were the following:

Mrs. Alesda Andersen, Mr. and Mrs. Herbert Stedman, and Mr. and Mrs. George Strutz, all of Sierra Madre; Mrs. Dwight W. Smith, Mr. and Mrs. Marcus Silvera, of the Hastings Ranch area; Mr. and Mrs. W. E. Strampe of Arcadia, and Mr. and Mrs. Ernest Woltman of Monrovia.

Continuing his summer series on "The Spirit-Directed Life," Rev. A. Hesse has chosen as his 10:30 Sunday subject, "The Spirit-Directed Relationship Between Husbands and Wives."

"There are many concepts held and advocated concerning the relationship between spouses. But there seems to be much ignorance concerning the Bible's precepts regarding this relationship. This sermon will try to present them for information, adoption and practice," Rev. Hesse said.

At 9:15 on Sunday morning, the Sunday School departments will be shown the film, "King of the Block." Next Tuesday evening at 6, the Men's Club of Faith Lutheran Church will hold its summer picnic supper meeting at Victory Park. Members of the Church Planning Council will meet on Wednesday evening at 8.

Rev. Ray Hansen  
At Lutheran  
Synod Meeting

Sierra Madre's new pastor, Rev. Ray E. Hansen, participated in a stewardship institute Friday and Saturday at the University of Redlands. The institute, sponsored by the Synod of the Pacific Southwest, was attended by pastors and laymen of the United Lutheran Church.

Rev. Hansen is developing a mission congregation in Sierra Madre. Services and Sunday School will begin in the fall.

Baptist Society  
Will Meet  
This Afternoon

Members of the newly organized Missionary Society of the Sierra Madre Baptist Church will meet this afternoon at the Laurel St. home of Mrs. Retta P. McCullah to God of salvation; . . . Sing prepare donated clothing for unto God, ye kingdoms of delivery to Briar Hill Lodge the earth." These words of for the Aged on Churchill Rd. David are the Golden Texts.

Regular meetings will be keynoting the Sunday service held every second Friday vice on "Soul" in all Christian Science churches. (Ps. 68: 20, 32.)

Dr. P. K. Jewett  
In Bethany  
Pulpit Sunday

Bethany Church continues to have a series of speakers, filling the pulpit in the absence of Dr. Robert Schaper. This Sunday the speaker during the morning worship service is Dr. Paul King Jewett of Fuller Seminary in Pasadena.

Dr. Jewett is professor of historical and systematic theology, and comes to Bethany with a background of preaching and teaching experience.

In his college days, Dr. Jewett was a student at Wheaton College and earned his doctorate in the philosophy of religion at Harvard Divinity School. He studied in Switzerland under the contemporary theological leaders, Karl Barth and Emil Brunner, while on a scholarship from Harvard.

MR. AND MRS. EARLE ANDERSON

Earle Anderson, religious recording artist, will present a sacred music concert at Bethany this Sunday at 7 p.m.

Mr. Anderson, formerly was a member of Bethany Church before he accepted his present position as head of the School of Music at Cascade College in Portland, Ore.

With Mr. Anderson will be his wife Eunice and his children Dan and Judith, who will accompany him on the violin and the organ. Mr. Anderson will visit many acquaintances in the area for the few days that they will be in town. Featured also in the evening of music will be Dan Anderson on the violin and Judith Anderson on the newly installed pipe organ.

## SUNDAY SERVICE

"He that is our God is the God of salvation; . . . Sing prepare donated clothing for unto God, ye kingdoms of delivery to Briar Hill Lodge the earth." These words of for the Aged on Churchill Rd. David are the Golden Texts.

Regular meetings will be keynoting the Sunday service held every second Friday vice on "Soul" in all Christian Science churches. (Ps. 68: 20, 32.)

Top Speakers  
Planned for  
Church Meets

During August, the Santa Anita Church of Religious Science will have guest speakers, both at the Sunday morning and Thursday evening meetings. These will include Stella Terrill Mann, Adela Rogers St. Johns, Selma Raphael, Charles Chamberlin and Elaine St. Johns. All will be heard at the church at 778 S. Rosemead Blvd.

On August 18 at the 11 o'clock service, Mrs. St. Johns will speak on "The Meaning of Salvation." Mrs. St. Johns, who is a doctor of Religious Science, is a writer and lecturer whose new book, "Affirmative Prayer in Action" is now in the book stores.

Junior Church and Parents' Class are held on Sundays at 9:15 a.m. and the high school and college classes meet in the auditorium at 7:30 p.m.

Elaine St. Johns, daughter of Mrs. St. Johns, will give a special lecture Thursday evening at 8 p.m. in the church auditorium.

Her book "Prayer Can Change Your Life" has been on best-seller lists locally for several weeks. Written with Dr. William Parker of the University of Redlands, the book records case histories worked out in the prayer therapy classes at the University.

Miss St. Johns is a contributing editor of the magazine "Guldeposts" and has written a child's book, "My Friend God."

Sierra Partners  
Meet for Luau

Sierra Partners, married couples group of the Sierra Madre Methodist Church, will meet Saturday evening at 8 o'clock for a luau at the home of Dr. and Mrs. George Frempter, 345 W. Las Flores, Arcadia.

Assisting will be Mr. and Mrs. George Swanson, who will take reservations for the affair at ELgin 5-6326. The program includes barbecue supper and guitar and ukulele music by Glen and Keith Harding.

LUTHERAN  
MISSION  
BELL

A'PEALING FOR YOU  
"All scripture is given by inspiration of God."—II Timothy 3:16

Lutherans believe that the entire Bible, both Old and New Testaments, was inspired by God. Every teaching of the Lutheran Church is taken from the Bible.

The Lutheran Church teaches that Jesus Christ, because He was God and man, lived a holy and perfect life on earth. . . . Christ died on the Cross for our sins in our place. . . . If men believe in Jesus as their Saviour, their sins are forgiven, and they can live confidently in His name.

Lutherans believe Christ rose to life in His glorified body three days after His death on the Cross, and that He will come again at the end of time as the Righteous Judge of the world. Lutherans worship Christ as God and King of all creation.

We teach the Word of God from the Bible and administer the sacraments of Holy Baptism and Communion for the life and growth of the individual Christian.

Lutherans were the first Christians called Protestants. God used Martin Luther to restore the church to the teachings of Christ. Luther and his followers were given the name Protestants in 1529. Freedom of religion, such as we have in America today, is a priceless heritage which the world has enjoyed since Luther's Reformation.

"The truth shall make you free"—John 8:32.

THOUGHT FOR TODAY—Antoine Lang of the Passion Play was asked why he carried such a heavy cross. He replied: "I cannot play His part unless I carry a cross as He did." We cannot be Christ-like unless we, too, carry His Cross in our lives.

Yours Faithfully,  
REV. RAY E. HANSEN  
United Lutheran Pastor

For a permanent record of the most important events in your life, and his.

**Our gift to you...**  
No one can buy this booklet—it is our gift to you, placed inside every wedding invitation or announcement order.

See this booklet at our office and see our samples—there are none here.  
**SIERRA MADRE NEWS**

**LATIN STARLET** . . . Italian actress Angela Portinari, 20, relaxes at seaside after filming "Legend of the Lost" with Sophia Loren and John Wayne.

Some people stand in the present and watch the future dissolve into the past.  
Tuition in the school of experience is not demanded in advance, but is collected somewhere along the line.

## Bringing up a husband is no easy job!

Husbands have to be fed three times a day, watched over and picked up after 365 days a year. They need praise when things go right and sympathy when things go wrong. And almost all of them have to be reminded about making plans for retirement.

It's a good thing a husband's love is worth all the trouble he causes.

Retirement is in the future for all of us. And the sooner we start making plans for it, the happier these years can be. Does your husband have a retirement savings plan? If not, encourage him to start one.

One of the best ways to prepare for retirement is to invest regularly in U. S. Savings Bonds. They're solid as a rock—guaranteed by your Government. They're loss-proof, fire-proof, theft-proof—the Treasury will replace them without charge in case of mishap.

*And best of all, U. S. Savings Bonds now pay you higher interest—faster!* Every Series E Bond purchased since February 1, 1957, pays you a safe and sure 3-1/4% interest when held to maturity. It pays higher interest, too, in the earlier years, and matures in only 8 years and 11 months.

So now, more than ever, it's smart to save with guaranteed-safe U. S. Savings Bonds. Your husband can buy them regularly where he banks or through the Payroll Savings Plan where he works. But just be sure he starts today!

Part of every American's savings belongs in U. S. Savings Bonds

The U. S. Government does not pay for this advertisement. The Treasury Department thanks, for their patriotic donation, the Advertising Council and—

### Local Kiwanis Aids Crippled Children Camp

Financial help from the Sierra Madre Kiwanis Club and other San Gabriel Valley service units, made possible Monday's opening of the Crippled Children's Day Camp at Arcadia Park which will last through August 23.

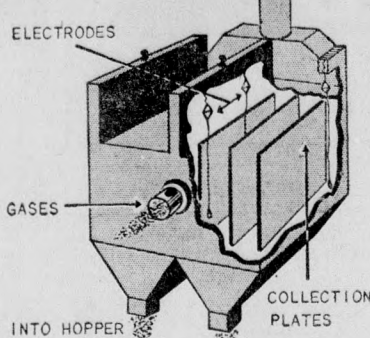

Sponsored by the Crippled Children's Society of Los Angeles County, handicapped children from 4 to 12 years old, from the valley are brought together for four hours of swimming, crafts, singing and stories.

The check from Kiwanis went for transportation of the children, according to Mrs. Raymond Nichols, 1819 W. Theborn, Covina, who is this year's Day Camp chairman.

### WEAPONS TO FIGHT SMOG

**BAGHOUSE**  
Operating on the principle of the household vacuum cleaner, huge cloth bags in this device collect dust and particles which are emptied into a collection hopper.

**ELECTRICAL PRECIPITATOR**  
This device collects solid particles from fume-laden gases passing between two electrodes that electrically charge the tiny particles and attract them in the same manner a magnet attracts metal filings.

### Station Owner

(Continued from page 1)

at two available telephone numbers, but that there was no answer. This has happened on numerous occasions before, according to Police Sgt. R. A. Heasley.

CONTINUING his one-man campaign, Mr. Hendershot said he would try to force the city to give back all the money collected in speeding fines from Sierra Madreans, or at least all fines resulting from arrests made in green cars.

When police records are subpoenaed into court, we will see just what the main purpose of those cars is," he added.

Mr. Hendershot himself has been arrested by Sierra Madre police and convicted on speeding charges three times within the past year. Had he been convicted the fourth time his driver's license might have been revoked.

The fellow who stands on his dignity finds he has poor footing.

### Demos Set Saturday Party

Mrs. Margaret Lathe, president of the Sierra Madre Democratic Club, will be among hostesses for the Bonanza Town Carnival, sponsored by 21st District Democrats, Saturday at the Tom Carrell estate in San Fernando.

Special guests include State Sen. Richard Richards, Assemblyman Allen Miller, Councilman James Coman, and Southern California women's chairman, R. D. Brown.

Dinner reservations may be made through local Democratic club or by contacting Mrs. Lathe, ELgin 5-9412.

**Casa Colina Starts Big Building Plan**  
Plans for a new Casa Colina to comprise one of the most complete and comprehensive convalescent and rehabilitation centers in the nation were announced today by Administrator Harry D. Stewart.  
  
To cost an estimated \$1,000,000, Stewart's disclosure of the project followed an announcement Friday by an advisory board for the State Department of Public Health that Casa Colina has been allocated \$289,184 in state and federal funds under California's Hospital Survey and Construction Program.  
  
The administrative staff and the Board of Trustees presently are seeking a relocation site of approximately 10 acres and have stressed the fact that the new facility will be built in this general area.  
  
The main building at Casa Colina in Chino was constructed in 1914 as a residence and converted over a period of time to its present accommodations for 58 patients.  
  
While the state and federal funds, awarded to Casa Colina because of its present highly regarded program could not have come at a more opportune time, the administrator and the trustees said:  
  
"We still are faced with the gigantic task of raising more than \$700,000 from the public to build the new facility."

VILLA  
VIEWSBy Toni Maurin  
SYcamore 7-9634

I am one of those people who can take a bird or leave it alone. I have truthfully always been a little leery of them since in my childhood the bluejays used to swoop down and peck at me. However, this summer, I have become an avid bird watcher in a limited sort of a way. We had the good fortune to watch the entire nesting and birthing or hatching of a hummingbird family and it was absolutely fascinating as well as educational to the entire family.

We watched the tiny little silver-dollar-sized nest being built, and then in due time the appearance of two miniature eggs, and then finally, the birth of the tiniest little baby birds. The fun of the whole procedure was to see the mother bird working with the lazier of her two babies, scolding, encouraging and demonstrating the art of flying and foraging for honey.

You could sense the fear in that little baby as it first tried its wings timidly from leaf to leaf and, just like a little boy, it showed off and did everything but walk the fence when it gained confidence. Now our little nest is deserted and our birds are gone, and we feel as if we'd lost our pets.

**JUST LEARNED** that Mr. and Mrs. Ted N. Spence have moved up our way. They bought the deWinter home at 1979 Sierra Madre Villa. They have two children, Nancy, 11½, and in the seventh grade, and Steve, 10, who will go into the fifth. Mr. Spence is a salesman with the Southern California Disinfecting Co. They moved here from upper Hastings.

**MR. AND MRS. Joseph Philipson** of 1485 Old House Road returned recently from Las Vegas where they were showing sights to Mrs. Philipson's cousins, Mr. and Mrs. Jean Guyard, who are visiting from Paris, France. In addition to the Guyards, Mrs. Philipson's father, Mr. Meyer Goldstein, arrived this week to spend two weeks.

**MRS. H. M. Bucher** of 3283 Mesa Loa Lane returned last week for a visit to Laguna Beach where she stayed with Mrs. Tom Sauters. She came back in time to make preparations for a tea and bridal shower last Tuesday honoring Miss Jean Thorne who is being married this Saturday to Robert Crist. There were 25 guests at the party.

**MORE NEW** neighbors. Mr. and Mrs. Skipper Rostker have just bought and moved into the old Woodruff home at 3426 Barhite with their four children. It's a big and wonderful old house and a grand place for a growing family. Their children range in ages from Murphy, who is 10, Steven, 8, Margaret, 6, and Vivien, who is 4. Mr. Rostker has the Rostker Agency for Beneficial Standard Life in Pasadena.

**MR. AND MRS. Charles Goldworthy** of 3515 Fairpoint returned with their two children, Nancy and Charlie, from a 10-day camping trip which included two days at Moro Bay, two days at Regugio Beach, just north of Santa Barbara, and six days at the Big Sur in the redwood forest.

**MRS. PHILIP HOFFER** of 1747 Country Lane returned home last week after a six-week stay in Honolulu. She came home via the Lurline and had a glorious trip back. The Thursday before they docked she had a champagne party for 12 of the other passengers. Dr. Hoffer plans to return some time in September or early October.

**LARRY DIETZEL**, son of Mr. and Mrs. Laurence Dietzel of 3119 Meyer Loa Lane, returned home recently from ROTC camp at Fort Lewis, in Tacoma, Wash.

**PLANNING THE swimming party and potluck supper for the Hastings Ranch Nursery School** are these four Ranch mothers seated beside the Joseph Cummins' pool, 605 Rim Rd. The party will be Saturday, Aug. 24, at 6:30 p.m. at the Cummins'. Sitting on the edge of the pool is Mrs. Robert Jugan. Others are, from left, Mrs. Franklin Williams, Mrs. John La Montague and Mrs. Max Marco.

## Sports in Haste . . .

## Aside From That, Charlie, Did You Enjoy the Trip?

By Charles Ayres

A bunch of us were slopping up a little lemonade the other night and after we had exhausted the subject of girls, we quite naturally brought the subject of sports. This being the good old summertime and Bill Hogo—under our erudite scrutiny, his battery via a nice stay at the beach, the conversation quite naturally sought sea level.

It seems like the saltwater spray and sand fleas conjured up fond memories of when Bill owned a sailboat as a rah-rah boy. These recollections were so pleasant that Bill is thinking quite seriously of deserting our suburbia and reinvesting in some seaworthy craft that will house his whole family, all 20 of them.

**FROM WHAT I** heard the problem of what to do with all of them will give Bill no pause. It was reported by sources close to the picture that never less than 30 were aboard his previous "ship" that checked out as a 20-footer.

The ultimate disposition of Bill's boat is somewhat clouded. It's reported that the seams had a tendency to leak and they were promptly sealed with a special mixture of cement. This figure to be practical only so long, and surely Davey Jones' locker has been enriched by now.

Then there was Hank Howell, the demon athlete, who signed on as crew aboard one of the less fortunate sailboats in a race. It seems that Hank was content to stay out of the way and provide much needed ballast during the intricate maneuvers.

Not so a fellow crewman who made up for his lack of "sea moxie" with unbounded energy and enthusiasm. "Throw up the spinnaker," cried the skipper. Whereupon our unlearned friend tossed the sail straight up in the air where it quite naturally came down overboard.

**LOCAL** deep sea fishing "stinks" this year, according to no less an authority than Curt De Boynton. Curt, who is part owner of a seagoing craft and an old salt from way back, ought to know. There isn't a ripple or swell in these waters that Curt can't identify.

## Hastings Teen Times

Bonnie Long

Joan Rogers

By Joan Kaponya  
ELgin 5-2015

In memory of teenager Gordon Young, who passed away recently from leukemia, a group of Sierra Madre, Hastings area and other Pasadena kids are organizing a car wash on Saturday, Aug. 17, from 9 a.m. to 7 p.m. with the money taken in to be donated to the City of Hope for research in leukemia.

These are the two locations, so please make special note of them: The Associated Gas Station at Michillinda and Valley View and the Texaco Station at Colorado and Rosemead. Both stations have kindly donated their space and facilities. They certainly deserve a vote of thanks for their cooperation. And, of course a great big cheer and pat on the back for the teenagers who are showing such thoughtfulness and enthusiasm for a worthy cause—and at the same time remembering their beloved friend in such a fine way.

So, folks, let's keep the youngsters busy all day on the 17th. They promise to do a good job, too. The donation, by the way, will be only \$1. See you Saturday! Look for the Triple L signs! The LLL signs mean "Let's Lick Leukemia!"

**A THREE-DAY** cruise on the briny deep was taken by Toddy Draeger recently, lucky girl. She went on the cruise with the Mariners.

## David Rose Will Conduct Pasadena Pops on Sept. 6

Plans for the Fifth Anniversary of the Pasadena Pops concerts are well underway with all Southern California music lovers eagerly anticipating the gala events.

David Rose will again raise his baton on opening night to the delight of almost 3,000 concert-goers. Arthur Fiedler, famed "Boston Pops" orchestra leader, will be guest conductor, and popular vocalist Dorothy Shay will sing on opening night, Sept. 6. Guest artists will be announced later for the concerts on Sept. 13, 20 and 27.

Junior Leaguers on the Pasadena Pops Committee are hard at work preparing for a record season at Santa Anita Turf Club in Arcadia.

Mrs. William B. Witmer, Pops chairman, is heading the committee with Mrs. Brice Toole as her assistant. Other officers are Mmes. William T. Reynolds, Karl J. Hutchinson, Robert Banning, John Finucane, William S. Rheem II, John B. Callery, Gilbert Smith, Varick Martin, Karl von Platen, Frederick Worden, Tully E. Warren, John P. Boswell, Robert Brokaw, Edward N. Scott, Robert G. Frank, Stephen Royce Jr., with ex-officio members Mmes. Harcourt Hervey Jr. and Waller Taylor II.

Opening night will find active members of the Junior League of Pasadena selling "Pasadena Pops" programs to their many friends.

Before the opening night concert, guests may enjoy a buffet supper of seafood salad, roast beef, vegetables and hot rolls, with a choice of ice cream or cake for dessert. Hot sandwiches and light snacks will be served at individual tables for all on the Turf Club terrace. The menu will vary at each concert.

Tickets are available from all Pasadena Junior League

## Grease Drive Aids Trinity Junior Group

A call for old grease, bacon fat, broiler and roast drippings has been made by Mrs. Don Wilson, who will sell it for the benefit of the Junior High Westminster Fellowship of Trinity Presbyterian Church.

Mrs. Wilson has made arrangements, she said, with a rendering firm which will buy all she can supply.

If you have old grease you wish to donate, either call Mrs. Wilson at SYcamore 5-6371, or drop it by her home at 745 Hastings Ranch Drive. She stressed that the company will not take any glass bottles or jars of fat. The grease must be in cans or milk cartons.

## Return Home

Mr. and Mrs. J. Crano Richter, 1115 Leonard, and their children, Chip, Wendy and Randi, have returned from a month's visit with her mother, Mrs. H. V. Hartsell, in Little Rock, Ark.

## Patty Halperin Is Guest of Honor At Linen and Miscellaneous Showers

Patty Halperin, daughter of Mr. and Mrs. Edward R. Halperin, 1490 Old House Road, who will marry Bruce Cameron "Doc" Turnbull, son of Mr. and Mrs. Raymond Wright Turnbull of San Mateo, Calif., the end of next month was honored at a champagne party and linen shower last Tuesday in the Pasadena home of Mrs. John Herber.

Co-hostesses were Mrs. Howard E. Baker, Mrs. Len L. Evers and Mrs. Edward J. Kiesner.

Those in attendance were the mother of the bride-elect, Mrs. J. W. Goldstein, Mrs. Henry Asher, Mrs. Kermit Burford, Mrs. Jim Byers, Mrs. George Moffet, Mrs. William Latta, Mrs. Victor Halperin and Mrs. Roy Klinker.

Also, Mrs. W. Bracher, Mrs. John Wells, Mrs. Mark Moore, Mrs. Alpheus L. Pruitt and Mrs. Sally Love Bickel.

## Auto Club Motorlog . . .

## Excellent Camping, Picnic Facilities Lure Visitors to Crystal Lake Area

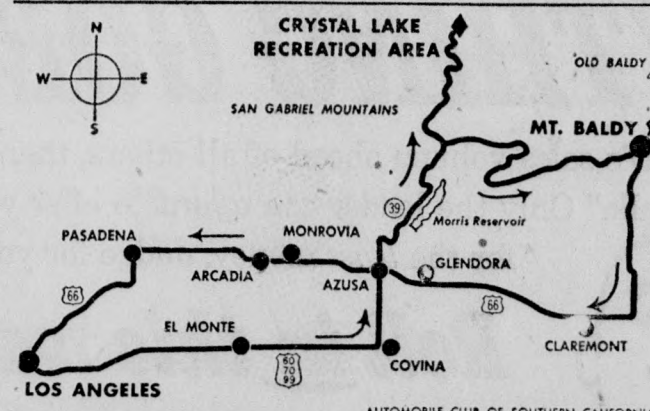

Want to spend a weekend in an area that provides an ideal setting for those who enjoy outdoor pleasures? Crystal Lake Recreation Area in the Angeles National Forest could be the answer, suggests the Automobile Club of Southern California.

Located in San Gabriel Canyon, Crystal Lake, some 25 miles northeast of Azusa, is the largest outdoor recreation area in Southern California. The area, which is about 6,000 feet above sea level, also provides extensive camping and picnic facilities, reports the Club's Outing Bureau.

There are 350 fireplaces, tables, piped water, sanitary facilities and trailer accommodations. During summer months, the area also offers swimming, boating, horseback riding and trout fishing; stays are limited to two weeks.

Points of interest in the general area include Morris Dam (San Gabriel Canyon Road), a naval institution used for testing rockets; the east fork of the San Gabriel River, one of the State's finest trout streams; Camp Bonita, site of the old mining camp of El Dorado, and Old Baldy, at the tip of San Antonio Canyon, one of the Southland's most famous parks.

On the suggested return route, which passes through

San Antonio Canyon, a slight detour makes possible a visit to the Padua Hills Theater, which features Mexican theatrical productions. A very pleasant restaurant is also located here.

Continuing homeward, the motorist next passes Claremont, home of Pomona,

**WHY THE** egg shortage in Pasadena. This column has unimpeachable information that three gals are on the Mayo Clinic all-egg diet. Last report was that they are really sticking to it. All three are Marshallites and 'friends are predicting that their figures will be the envy of the school. Good luck, kids, and stick to it!

**A WONDERFUL**, fun-filled week was spent at Balboa recently by Marsha Campbell, Polly LeLone, Marlin Hanson and Janet Dixon. They had a real ball.

**DON'T FORGET** the date, folks, for the car wash: Saturday, Aug. 17, at the Associated Gas Station and the Texaco Station (See locations above). See you next week.

## Pasadena Board Seen Emerging from Chaos

By Lucie Lubisch

Pasadena's new School Board has been in office six weeks and appears to be whipping itself into an efficient organization. Chaos ruled short weeks ago.

The largest present task of the Board is to find a new superintendent to replace Dr. Stuart McComb, who resigned under pressure from the retiring Board because of teacher electioneering (for the successful candidates).

Although there had been a strong move on the part of thousands of parents and teachers to have Dr. McComb rehired, the new Board ended the matter last week by commending Dr. McComb for his four and a half years of service to Pasadena schools and "accepting the fact of his resignation," Dr. McComb had said he would not take back the job if he were offered to him.

**BUT THE** Board did reinstate two men demoted during the electioneering hassle—Dr. Roland Walker, to assistant superintendent for instruction, and Ralph Hallman, of the PCC staff.

Since its installation, the Board has, in chronological order, elected Robert Mardian as president, accepted Mardian's resignation from the Board because of the press of professional duties (he is an attorney); elected Steve Salisian president, and named and installed Dr. Robert G. Freeman as the fifth member.

Mrs. LuVerne LaMotte is vice president. Other members are Walter Shattford and Edgar Barratt, holdover member from the old Board, who led the fight against McComb. Although Barratt usually opposes his four colleagues, the disagreements now are fairly amicable.

**THE BOARD** last week adopted a 1957-58 budget of \$18,987,463, some \$800,000 higher than last year, but due to increased assessed

valuation of property, will be provided by lower taxes. The taxpayers' share will be \$2.76 per \$100 of assessed valuation, compared with \$3.0432 last year.

The tax rate will be \$1.25 for the elementary district; \$1.16 for the high school district and 35 cents for the junior college district.

Although Barratt said he was in favor of keeping the tax rate the same as last year and use the money for rehabilitation of school plants, his colleagues disagreed. Although they allowed some for rehabilitation, they said they felt the refurbishing should be done by bond issue.

**ON** the question of hiring a new superintendent, the Board will elect a man from several to be chosen by a committee of local educators and laymen, after letting it be known throughout the country that Pasadena is seeking a superintendent.

Barratt objected to this procedure, and also abstained in the vote commending McComb.

Neither did Salisian vote on the McComb commendation, because he said he was in favor of rehiring the educator.

It was Dr. Freeman who presented the resolution commending Dr. McComb for "diligent attention to detail, careful management and close communication between the schools and the community."

"Accepting the fact of his resignation," it said, "we express to Dr. McComb our best wishes for a full measure of health, happiness and satisfying achievement in whatever activities he may undertake in the future."

Dr. Freeman said he is a personal friend of Dr. McComb, and for this reason was presenting the resolution. Copies were to be sent to the Los Angeles County Board of Education and State Superintendent of Public Instruction.

## August Moon Shines for Dance Party

The August moon shone brightly for the Hastings Ranch Dance Club's Japanese "teahouse" party Saturday night at the home of Mr. and Mrs. Marshall Harris.

But before the moon rose, guests enjoyed a swim in the pool and a cocktail hour on the terrace. Dinner was next on the schedule and then dancing.

Host couples were Mr. and Mrs. Harris, Mr. and Mrs. Freeman, Mr. and Mrs. Barratt, Mr. and Mrs. Shattford, Mr. and Mrs. LaMotte, Mr. and Mrs. Salisian, Mr. and Mrs. Walker, Mr. and Mrs. Hallman, Mr. and Mrs. Mardian, Mr. and Mrs. Byers, Mr. and Mrs. Moffet, Mr. and Mrs. Latta, Mr. and Mrs. Victor Halperin, Mr. and Mrs. Roy Klinker, Mr. and Mrs. Bracher, Mr. and Mrs. John Wells, Mr. and Mrs. Mark Moore, Mr. and Mrs. Alpheus L. Pruitt and Mr. and Mrs. Sally Love Bickel.

Charles Hurter, Mr. and Mrs. Horace Ray and Mr. and Mrs. Harry Masser.

## Las Jardineras Enjoy Swims, Luncheons

Members of Las Jardineras were guests at the Hampton Road home of Mrs. Marvin Loomis for a swimming party Tuesday, Aug. 27 is set for another August party at the home of Mrs. Joseph Cummins, 605 Rim Road.

These parties are two of a summer series of the club, with members coming at noon for lunch and a swim.

## Your Health . . .

### Normal Precautions Could Double Cancer Cure Rate

(Presented as a public service by the Foothill Branch of  
the Los Angeles County Medical Association)

The word "cancer" carries such terrifying implications  
that many doctors prefer to use other terms like growth  
or tumor when discussing it with patients.

It is certainly true that cancer deserves healthy re-  
spect. But unfortunately, many people unreasonably fear  
cancer because they think nothing can be done about  
it. Mistakenly, they believe that it is an inevitable sen-  
tence of death.

Part of the fear concern-  
ing cancer can be attributed  
to the fact that most people  
have only a vague notion of  
the symptoms that might  
suggest cancer.

The safest precaution  
against cancer is a regular  
check-up by a medical doc-  
tor. But apart from that there  
are some signs which can  
alert people to the possi-  
bility that cancer may be  
present. These danger sig-  
nals, arranged so that the  
initial letters spell "CAU-  
TION," are:

1. Continuous sore that  
fails to heal. Any sore on  
the skin or body orifices that  
has been present for two  
weeks or so and fails to heal

should be called to the at-  
tention of your doctor.

2. Alteration in a mole or  
wart. A change in a black  
mole into a colorless lesion,  
or the reverse. Or if a brown  
mole becomes darker, ulcer-  
ated, sore or inflamed.

3. Unusual bleeding or dis-  
charge from any body ori-  
fice. This needs no further  
explanation. See your doctor.

4. Thickening or lump. If  
this occurs anywhere in the  
body, it is an indication for  
an immediate physical ex-  
amination.

5. Indigestion or difficult  
swallowing. If this lasts for  
two weeks or so, accompa-  
nied by nausea, vomiting  
and abnormal belching, if  
there is a sensation of tight-  
ness behind the breast bone  
affecting swallowing—again,  
see your doctor.

6. Ordinary bowel habits  
change. If a person is nor-  
mally constipated and his  
stool suddenly becomes  
loose, or if the opposite oc-  
curs, or if there is an altera-  
tion in these functions per-  
sisting for a week or 10 days,  
it is a sign that something  
might be wrong.

7. Naggling, persistent  
cough or hoarseness. This  
might be indicative of a  
small, early tumor in the  
vocal chords or lung pas-  
sages which could be easily  
removed at this stage.

If all of us would heed  
these precautionary steps, it  
is estimated that the cancer  
cure rate easily could be  
doubled without any further  
advances in medical science.

## LAFF OF THE WEEK

"The two-cent glass is for cheapskates."

### W. H. Hillards Visit in North

Mr. and Mrs. William H.  
Hillard, 1120 Tropical, re-  
turned last Sunday from a  
week's visit in San Fran-  
cisco.

In their absence, two of  
their sons, Bill and Jeff, en-  
joyed a holiday at the "Y  
Camp," Bluff Lake Camp at  
Big Bear, while their third  
son, John, was the guest of  
the Lewis J. Rosses, 3780  
Newhaven.

Prosperity brings us friends  
and adversity serves to prove  
them.

## "ANYTHING GOES"

With FORD's sales volume ahead of all others, there's no need for  
trading "double talk." Only the leader can afford to offer you the most car  
for the least money. Judge for yourself:

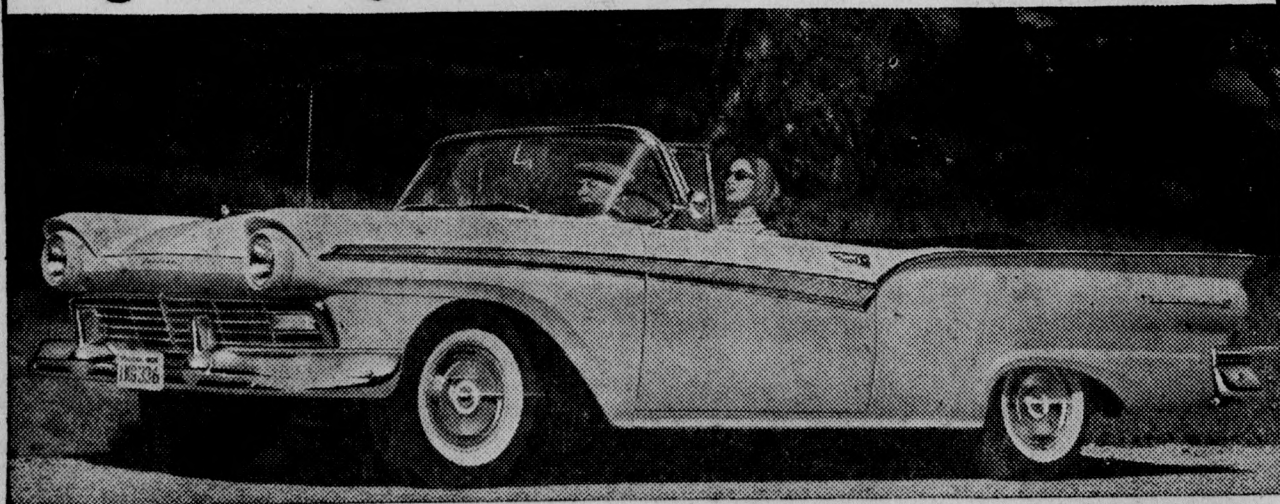

### Roll in this way...

If it's got wheels, it's worth more at your FORD Dealer's. More than  
it will bring on any other make of car. And with FORD's prices lowest  
of the low-price three, you can't lose! You pay only the difference—  
no more! Any way you figure it, a '57 FORD costs you less!

### Roll out this way...

Get full value for your car-buying dollars. Demand creates value...  
and this year's FORD is the most wanted of all '57 makes. It's your  
guarantee of top trade-in value for years to come. So if this is your  
year to buy, don't pick a loser. Deal yourself into the leader!

Nobody out-trades

### ARE YOUR ARTERIES SAFE?

Safe from what? you ask. In a conversation recently with an elderly gentleman of my acquaintance it was brought to my attention that lay people are not being sufficiently informed about the full measure of care which may be necessary to avoid the hazards of arterial diseases and their complications. This gentleman stated that he had been put on a low-fat diet by his physician and therefore felt quite secure and complacent. His sense of security was not justified because whatever arterial damage exists from many years of high-fat diet still exists and it takes more than merely stopping fats to repair the damage.

Let me briefly explain some fairly simple facts about arteries. In a diet high in fats (and 40% of the calories of the American diet is made up of fats), a substance called cholesterol is found to be over-abundant in the laboratory blood analysis. When such a condition exists continuously this cholesterol gradually settles in the inside walls of the arteries (like deposits in a teakettle), causing them to become thickened, stiff and more than normally brittle. The more these substances collect the smaller becomes the lumen (the diameter) of the inside of the artery. This fact of course coupled with reduced elasticity or stiffening causes a certain type of high blood pressure known as arterial hypertension or hardening of the arteries.

Now let me make it perfectly clear that when this condition has become well advanced, four grave dangers have to be faced by their owner:

1. First, high blood pressure from reduced size of the arterial passage, associated with the additional factors of hardening and brittleness, which
2. Opens the possibility of cerebral hemorrhage or apoplexy from the same condition of increased pressure with reduced elasticity and brittleness of the capillaries and small arteries in the brain.
3. Third is the danger of sudden fatal coronary thrombosis from particles of these cholesterol deposits breaking loose, forming blood clots and lodging as a plug in one of the coronary arteries or their branches.
4. Or fourth, if escaping through a particularly rugged constitution and abundance of good luck for a number of years these three hazards, one may expect to succumb eventually to cardiac exhaustion from maintaining abnormally high blood pressure over a period of years. In other words, heart failure from exhaustion of forcing blood through encrustation of the interior lining of the arteries; from cholesterol loaded blood caused by over-abundant fat in the diet.

The big question is, what can be done to detour these hazards in addition to adopting a low-fat diet. The answer is to use certain food substances which act as arterial deterrents and gradually but definitely clean up the arterial linings so they are no longer caked with danger-fraught cholesterol deposits. These substances are Choline bitartrate, Inositol, dl-Methionine and Betaine, blended in effective proportions. Anyone who has reason to be concerned about any of these potential dangers listed above should have a blood cholesterol test and if it is found to be above normal, in addition to adopting a low-fat diet, begin at once the addition of a balanced formula of the lipotropic materials listed, to their daily diet until normal blood cholesterol is established by further blood tests.

Periodic use of this type of formula thereafter may fairly well insure the integrity and normalcy of the arteries if fats, (either natural or processed) are not eaten too freely. This procedure gives a person who feels endangered by too free use of fats through a long life the maximum protection and defense from the number one killer—arterial disease.

## Garden Notes . . .

### Wistaria Vine Trails Its Beauty Over All California

Flowering vines are admired alike by practical gardeners and by dreamy romantics. The practical home gardener finds appeal in the vines' usefulness for shade and decoration. The romantic, however, may associate wistaria with the charming old South, fragrant jasmine with the mysterious Orient, and brilliant bougainvillea with exotic Latin America.

But even if the gardener is more romantic than practical, he, too, needs practical information to successfully raise flowering vines. Your local nurseryman will gladly explain the merits of individual vines, advises the California Association of Nurserymen.

Charming wistaria trails its beauties all over California, liking deep, rich soil, and providing deep shade in summer and an appealing tracery of stems in winter. Clusters of delicately-scented flowers bloom in spring, before giving way to summer greenery.

**WISTARIA VINES** love sun, and grow out laterally from a woody, picturesque trunk, making it advantageous for use over porches or strong trellises. If the architectural support is lacking, wistaria may be grown successfully in all its beauty as a tree.

Chinese Wistaria, in blue or white varieties, is among the most popular vines in California.

The odor of jasmine is one of the wonders of the gardening world. Not enough that its fragrance should be so universally appealing, it provides remarkable beauty of form and flower as well. The lovely Star Jasmine, which serves equally well as a ground cover or vine, prefers shady growing areas, but grows well in the sun, also.

The gardener who plants Star Jasmine for summer shade also reaps the additional benefit of winter shade, because the vine is evergreen, covered with dark green foliage all year. White, spring-blooming flowers are individually star shaped, growing in clusters. Star Jasmine may be enjoyed in most parts of California, except in the Sierras and its foothills.

For the warmer, southern coastal areas of California, the evergreen bougainvillea is a popular choice. There are varieties, however, which are easily adaptable to northern areas as well. An exceptionally hardy variety is the Brazilianis, which withstands temperatures as low as 25 degrees. This twining grower ideally complements homes in the Spanish tradition, and it grows rapidly, with profuse colorful blooms that are apt to overshadow less showy plants. It is best to set the Bougainvillea Brazilianis

## FOTOS ARE FUN

### Question Test

"This picture looks flat," said a friend of ours the other day. "When I took it there were big clouds in the sky. Where'd they go?"

We explained that clouds often do the disappearing act unless you use a simple lens filter. A simple attachment like the Kodak Cloud Filter costs just \$1.95 and brings clouds out sharp every time.

Here are a couple of other comments we've heard recently.

**YOU:** "The people in my pictures have dark shadows under their eyes. Can I do anything about it next time?"

**US:** You get those shadows when the sun is directly overhead, so take pictures in the semi-shade or use a flash to even the lighting. (Note: We'll fit your camera for flash if you don't have it. Just bring it in.)

**YOU:** "Do I need a special film to take color snapshots indoors?"

**US:** No, not with new Kodacolor Film. You can use it outdoors with daylight or indoors with ordinary flashbulbs. Load your camera and keep shooting—with the same film.

Maybe you have a question or two. Bring 'em in and we'll be delighted to answer them for you.

No foolin'.  
Rudolph  
**HARTMAN**  
29 N. BALDWIN

Evergreen Clematis grows successfully throughout California, and yields fragrant white open flowers in spring. This dark-foliaged trailer should be carefully trained when in the growing season to prevent tangles, but this attention pays dividends. Evergreen Clematis is

commonly seen on fences, over entrances and on various flat surfaces, for it is a tendril climber, requiring no strings or poles. Violet Trumpet Vine (clytostoma callistegioides, or bigonia violacea) is another hardy evergreen vine. Its light lavender trumpet-shaped

flowers come forth every spring and summer. It is a popular choice for open, overhead trellises, because of its attractive appearance from below.

Many varieties of Honey-suckle (lonicera) are available for various areas of California. A popular variety for all regions of California is the Purple Japanese Honey-

suckle (L. japonica chinensis) which provides the famous beauty and fragrance of Honeysuckle, and is fast growing, requiring little attention.

WHICH ONE WILL IT BE?—Each year 11 of the most attractive and popular girls are chosen from the 500 coeds at Mt. San Antonio College as candidates for Queen of the annual Los Angeles County Fair at Pomona, Sept. 13 through Sept. 29. Competent judges select one of the number on the basis of beauty, personality, poise and charm, to reign over the constant round of festivities at the big exposition. The remaining 10 serve as princesses. Left to right the candidates are Fay Williams, San Gabriel; Betsy Hanby, Covina; Micki Sapp, San Dimas; Sharon Gosbel, West Covina; George Ann Wagner, San Gabriel; Gail Perrenoud, Pomona; Bettie Ann Thompson, LaVerne; Corrine Hull, Arcadia; Kay Jackson, West Covina; Juanita Blum, Alhambra, and Marilyn Patrick, Pomona.

### 'Yucatan Harvest' Is New Play at Padua Hills

"Cosecha Yucateca," meaning harvest of Yucatan, is the new play now on stage at Padua Hills Theater near Claremont.

Another lively comedy from the pen of Director Eligio Herrera, the production features new songs and dances amidst the delightful setting of Yucatan, land of exuberant fruit and mysterious legends.

Luis Abundiz, Francisco Velazquez and Maria Abundiz share top billing in the three-act comedy with Armando Felix, newcomer to Padua Hills Theater, and Ramona Abundiz, who returns to the stage after an absence of two years to perform her first grown-up role.

Manuel Gonzales, popular song stylist, and Conchita Gallardo, soprano, headline the singing, while Velia Soto, Vida Amador, Rogelio Alfaro and Joel Gracian share the dancing spotlight.

The Mexican Players entertain daily except Mondays at luncheon and dinner.

### YOU INCLUDED

One way to give your car a lasting finish is to insist on passing on curves and into them.

Some people do a lot of unnecessary work in order to get out of work they know is necessary.

### LION'S SHARE

Too many people think they have been cheated unless they get more than their money's worth.

The imagination isn't the only thing that has to work if you expect to meet the high cost of living.

### ATHLETE'S FOOT GERM HOW TO KILL IT IN ONE HOUR

If not pleased, your 40c back at any drug counter. This STRONG germicide sloughs off infected skin. Exposes more germs to its killing action. Use instant-drying T-4-L, day or night. Now at Hartman's Pharmacy.

### LOSE UGLY FAT IN TEN DAYS OR MONEY BACK

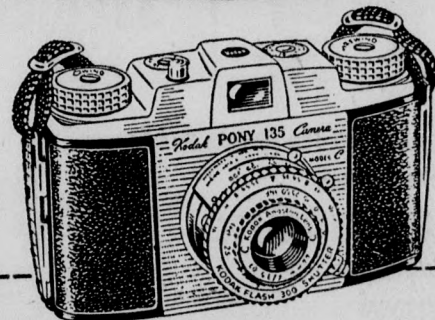

If you are overweight, here is the first really thrilling news to come along in years. A new & convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger & appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON, you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by:

Hartman Pharmacy  
29 N. Baldwin Ave.
